This is Mrs. Carswell. I live on Point Clear Dr. in Tega Cay. The news of the sewage spills and overflows is sickening. We recently moved here from a small rural town in South Georgia. I thought this was a pristine and properly managed community when we moved here. But after hearing about the incompetence of the Water and Sewer Company and the lack of action by the City of Tega Cay, I am disgusted by the blind eye and deaf ear of those who are supposed to be handling these health hazards. Why hasnt the EPA done anything? I will be contacting them next!
